SUBJECTS

Abscess, epiglottic, due to group B *Streptococcus*, 277
Abstracts from *Ann Intern Med*, 100, 648
Acknowledgment, 650
Actinomycosis of larynx (Grand Rounds), 520
Adenomas, benign pleomorphic, in children, 210
Adrenoceptors in control of human nasal mucosal blood flow, 179
Airway resistance, laryngeal; age-related responses to peripheral and central chemoreceptor stimulation, 488
Ampullary nerve transection, posterior, and cupulolithiasis, suppl 112:25
Amyloidosis, localized, of head and neck and upper aerodigestive and lower respiratory tracts, 374
Anesthesia, general, gas scavenging during bronchoscopy under, 146
Anesthesia for laryngoscopy, 338
Aneurysm, mycotic, of internal carotid artery, 273

Angiofibromas, nasopharyngeal; staging and management, 322
Ann Intern Med, abstracts, 100
Antibody production
in perilymph from rats with type II collagen-induced autoimmune inner ear disease, suppl 113:1
local, evidence of, and immunology of the inner ear, 157
Arnold-Chiari malformation, unusual form of laryngeal paralysis associated with, 447
Arteriopexy, pulmonary, to relieve tracheobronchial compression by dilated pulmonary arteries, 473
Aspergillosis of paranasal sinuses, 251
Audiometry, high frequency, 576
Auditory brainstem and middle latency responses, suppl 108
Auditory brainstem responses, electrically induced, use in estimating nerve survival, suppl 112:97
Auditory canal, external, surgical obliteration of tympanomastoid compartment and, 641
Auditory evoked potentials, monitoring during acoustic neuroma surgery, insights into the mechanism of the hearing loss, 116
Auditory evoked responses, for prospective assessment of reversible hearing loss after meningitis, 229
Auditory middle latency responses in adults and children, effects of filtering, 267
Aural rehabilitation in teaching hospital, 589
Autoimmune sensorineural hearing loss, possible role of endolymphatic sac, 208
Autoimmunity of cochlea, experimental, type II collagen, suppl 113

Barany's *History of vestibular physiology*, translation and commentary, suppl 110
Blindness and LeFort III fractures, 2
Blood flow
and wound tension in skin flaps, 112
human nasal mucosal, adrenoceptors in control of, 179
Book reviews
Bless DM, Abbs JA, *Vocal cord physiology*, 418
Colman B, Pfaltz C, *Modern perspectives in otology*, 284
Farb SN, *Otorhinolaryngology*, 418
Friedman I, Osborn DA, *Pathology of granulomas and neoplasms of the nose and paranasal sinuses*, 285
Harada Y, *An atlas of the ear by scanning electron microscopy*, 418
Honrubia V, Brazier MAB, *Nystagmus and vertigo, clinical approaches to the patient with dizziness*, 197
Karmody CS, *Textbook of otolaryngology*, 285
Kramer M, Armbruster J, *Forensic audiology*, 284
Mancuso AA, Hanafee WN, *Computed tomography of the head and neck*, 197
Nomura Y, ed, *Otological significance of the round window*, 649
Parkins CW, Anderson SW, *Cochlear prostheses: an international symposium*, 284
Sadé J, *Cholesteatoma and mastoid surgery: proceedings of the Second International Conference on Cholesteatoma and Mastoid Surgery*, 285
Vosteen KH, Schuknecht H, Pfaltz CR, Wersall J, Kimura RS, Morgenstern C, Juhn SK, eds, *Menière's disease: pathogenesis, diagnosis and treatment*, 197
Yanagisawa E, Gardner G, *The surgical atlas of otology and neuro-otology*, 649
Brainstem response, auditory, electrically induced, use as clinical tool in estimating nerve survival, suppl 112:97
Bronchoscopy under general anesthesia, gas scavenging during, 146
Burns, esophageal, secondary to disc battery ingestion, 364

Caldwell-Luc operation, 380
Cancer
head and neck, invasion of microcirculation in (Pathology Consultation), 646
laryngeal, invading thyroid cartilage, significance and means of, 293
transglottic, partial laryngectomy for, 297
Carbon dioxide laser. *See* Laser.
Carbonic anhydrase activity in stria vascularis and dark cells in vestibular labyrinth, 262
Carcinoma
laryngeal, natural killer-mediated cytotoxicity in, 189
nasopharyngeal, antibodies to Epstein-Barr virus in patients with, 477
pyriform sinus, voice preservation by hemicricolaryngopharyngectomy, 306
verrucous, of ear, 385
Catecholamine-secreting infratemporal fossa paraganglioma, 583
Cerumen, wet, bactericidal activity of, 183
Cholesteatoma
and cholesterol granuloma, cholesterol metabolism in, suppl 112:129
congenital, of ear, 637
epidermal Langerhans cells in, 150
histology, pathogenesis, and treatment of, suppl 112:125
Cholesterol granuloma and cholesteatoma, cholesterol metabolism in, suppl 112:129
Chondroma of tongue, 271
Chondrosarcoma of larynx, 452
Chromatography, affinity, analysis of glycoproteins from nasal polyps and papillomas, 85
Cleft larynx, posterior, associated with hamartoma, 443
Click-evoked gross potentials and single-unit thresholds in acoustically traumatized cats, suppl 112:83
Coccidioidomycosis of the larynx (Pathology Consultation), 528
Cochlear impairment, new insights in evaluation of, suppl 112:74
Cochlear implant. *See* Implant, cochlear.
Cochlear lesions, ultrastructural study of, in experimental labyrinthitis (in guinea pigs), 240
Cochlear nerve, factors inducing retrograde degeneration of, suppl 112:76
Cochlear otosclerosis, histologically proven, with pure sensorineural hearing loss, 105
Cochlear pathology following experimental ablation of vestibular labyrinth, suppl 112:52
Collagen autoimmunity, type II, of cochlea, suppl 113
Computed tomographic study of laryngeal cyst (X-Ray Study of the Month), 410
Computed tomography and electronystagmography in conflict with minor symptoms and signs (ENG of the Month), 525
Congenital laryngeal stridor (laryngomalacia), etiologic factors and associated disorders, 430
Cooper, Sir Astley, and his otological papers, 531
Craniofacial bones, osseous and fibro-osseous conditions affecting, 199
Cupulolithiasis and posterior ampullary nerve transection, suppl 112:25
Cyst, laryngeal, computed tomographic study of (X-Ray Study of the Month), 410
Cytotoxicity
natural, and interferon production in patients with recurrent respiratory papillomatosis, 483
natural killer-mediated, in laryngeal carcinoma, 189

Dark cells and stria vascularis in vestibular labyrinth, carbonic anhydrase activity in, 262
Deafness, neurosensory, in sarcoidosis, histopathology of, 389
Denervation, effect on parotid gland function, 176
Dermatomyositis, spontaneous perforation of esophagus as a manifestation of, 464
DiGeorge's syndrome, temporal bone pathology in, 220
Disc battery ingestion, esophageal burns secondary to, 364
Dizziness, relevance of otopathological findings in treatment, suppl 112:12
Dysphagia, cervical osteophyte-induced, anterolateral extrapharyngeal approach for, 498

Dysphonia, neurogenic, 57
Dysplasia, fibrous, of temporal bone, 630

Ear
inner
and renal diseases, suppl 112:119
congenital anomalies of, suppl 112:110
experimental labyrinthitis in guinea pigs, 240
immunology and evidence of local antibody production, 157
in Reye's syndrome, effects of influenza infection, aspirin, and an arginine-deficient diet on, 551
lesions, type II collagen-induced autoimmune, suppl 113:3
neurotrophic interactions during in vitro development of, 558
renal diseases and, suppl 112:119
middle
complications of acute infections, suppl 112:133
effusion, chronic otitis media: secretory immunoglobulin A antibodies to respiratory viruses in, 73
effusions, neuraminidase activity in, 76
inoculation with nonviable *H Influenzae*, experimental otitis media with effusion following, 52
verrucous carcinoma of, 385
Ear surgery, chronic, sensorineural hearing loss following, 403
Editorial, 1
Electrocoagulation or carbon dioxide laser, use in microendoscopic surgery of hypopharyngeal diverticulum, 34
Electronystagmography and computed tomography in conflict with minor symptoms and signs (ENG of the Month), 525
Embryos, human, staged, respiratory and alimentary relations in, 421
End-organ, vestibular, development of intercellular junctions in, (freeze-fracture study in mouse), 89
Endolymphatic duct and sac in patients with Meniere's disease, (temporal bone histopathological study), 540
Endolymphatic fistulization, 534
Endolymphatic hydrops, neurophysiologic assessment of, 225
Endolymphatic sac, possible role in autoimmune sensorineural hearing loss, 208
Endoscopic and microscopic photography, modern, 399
Endoscopy, pediatric (case review), 517
ENG of the Month
Computed tomography and electronystagmography in conflict with minor symptoms and signs, 525
Congenital sensory-deficit nystagmus, 279
Findings in a posterior fossa lesion, 195
Secondary nystagmus alternans, 413
Epiglottic abscess due to group B *Streptococcus*, 277
Epstein-Barr virus
antibodies to, in patients with nasopharyngeal carcinoma, 477
nuclear antigen-positive nasopharyngeal hybrid cells, 166
Esophageal burns secondary to disc battery ingestion, 364
Esophageal stenosis, traumatic cervical, repair using microvascular free jejunum transfer, 512
Esophagus
cervical, surgical management of strictures of, 505
spontaneous perforation of, as manifestation of dermatomyositis, 464
Eustachian tube
effect of certain head and neck tumors and their management on the ventilatory function, suppl 114
function, reliability of a measure in normal subjects, 48
muscles (human), histology and effect of aging on, 17
Evoked potentials, auditory: monitoring during acoustic neuroma surgery and insights into the mechanism of the hearing loss, 116
Evoked response, short latency vestibular, to acceleration stimuli recorded by skin electrodes, 257

Facial nerve. *See* Nerve, facial.
